## BETTER CARCASSES ■ BETTER YIELDS ■ FOR BETTER PROFITS

**Using Minnamurra Speckle Park bulls leads to proven results:**

- Improved carcass quality
- Improved MSA grading
- Improved performance
- Improved profits from your herd

With the rapid growth of higher value "grass only" markets, the ability to consistently grade highly off grass alone is a key Minnamurra Speckle Park bonus.

MPC has been consistent in winning national carcass competitions over the past 8 years using our Minnamurra Speckle bulls over Angus cows. Notable successes include:

- Highest individual index score in the RNA Paddock to Plate Competition for 6 years in a row
- First in The Land's Beef Spectacular Feedback Trial for overall carcass two years in a row
- Champion carcass RNA Paddock to Plate, 2020

*"It's nearly always our second-tier cattle entered ... the lead steers are over the entry weight, but I still want to be*

*benchmarking those middle-of-the-road, average type cattle, because they give us a more realistic view of what Speckle Park cattle can do. Consistent quality, right across the board, is where a commercial producer makes money, not with the top pen of steers."*
